CLOUDIE: SECURE CLOUD STORAGE
WITH LAYERED MALWARE DETECTION & AES-256 ENCRYPTION

MUHAMMAD AQEEF BIN AZHAR | Supervisor: **DR. FAKARIAH HANI BINTI MOHD ALI** | BSc (Hons) Netcentric Computing, UiTM Shah Alam

MARKETING STRATEGY

Start where files are shared every day, then grow through people who already advise small organisations.

Campus Pilot
One UiTM faculty uses Cloudie for assignment and document uploads

Specific Organisations
SMEs, clinics, law and accounting firms through SME associations and IT resellers

Competitions & Conferences
Live demos at innovation competitions, talks and security events

Social Media Campaigns
Short demo videos on LinkedIn and TikTok: "the file your antivirus missed"

Web Application
Live on Google Cloud: sign up free in any browser, nothing to install

BUSINESS MODEL

Freemium: free for individuals, paid plans for teams and institutions (proposed prices, to be tested in the pilot).

Pricing Table	Free Plan students & individuals	Personal Plan freelancers	MOST POPULAR Team Plan SMEs & firms	Institution Plan universities & agencies
Price	**RM 0**	**RM 59** / year	**RM 19** / user / month	**Quote** volume pricing
Encrypted Storage	1 GB	25 GB	100 GB per user	Scalable to needs
Malware Scans VirusTotal + structure checks + AI	30 files / month	300 files / month	Unlimited (fair use)	Unlimited, dedicated scanner planned
AES-256 Encryption unique key per file	✓	✓	✓	✓

WHY NOW IN MALAYSIA

- **PDPA (Amendment) Act 2024:** breach notification and data protection officers are now required.
- **Cyber Security Act 2024 (Act 854):** new duties for critical information infrastructure sectors.
- **Files are the way in:** invoices, CVs and forms arrive as attachments every day.

YEAR-1 TARGETS (goals, not results)

1 campus pilot	**500** free users
20 paying teams	**3** reseller partners
